EDUCATION

Bhagwan Arihant Institute Of Technology, Surat

YEAR: 2025 - 28

Bachelor of Technology in Computer Engineering (Present)

Gujarat Technological University

Shree K.J. POLYTECHNIC, Bharuch

YEAR: 2022 – 25

Diploma in Computer Engineering | CGPA : 7.72

FLUTTER ANDROID DEVELOPER

Flutter Developer with 1 year of hands-on experience in Android application development, including internship and independent project deployment. Proficient in building scalable, production-ready mobile applications using Flutter & Dart with Firebase and Google Cloud integration. Experienced in REST API integration, Play Console deployment, in-app purchases, AdMob monetization, and secure backend connectivity. Strong focus on clean architecture, performance optimization, and maintainable code practices. To secure a challenging position as a Flutter Developer where I can apply my mobile application development skills, contribute to real-world projects, and continuously enhance my expertise in scalable application architecture, performance optimization, and cloud-based backend integration.

KEY COMPETENCIES

☆ Flutter / Android:

- Android Application Development using Flutter & Dart
- Clean Architecture & Scalable App Structure

☆ Database & Cloud:

- Firebase Backend Integration (Auth, Firestore, Realtime DB)
- Cloud Functions & Google Cloud Services
- Basic SQL Database Management (CRUD, Joins)

☆ API & Integration:

- REST API Integration & Secure Data Handling

☆ Deployment & Monetization:

- Play Console Deployment & Release Management
- In-App Purchases & AdMob Monetization Integration

☆ Security & Optimization:

- Push Notifications (FCM) & App Security (Play Integrity)
- Strong Problem-Solving & Independent Project Execution

Experience

• Leafdrive it solution

Internship | 23-04-2024 – 30-06-2024 |

Flutter Developer Intern

Leaf Drive Academy | 2 Months

- Assisted in developing Android applications using Flutter & Dart
- Worked on Firebase integration and REST API connectivity
- Gained practical knowledge of application architecture and debugging
- Contributed to UI development and feature implementation

☆ Self-Employed Flutter Developer | 6+ Months

- Developed and deployed production-level Android applications
- Integrated Firebase Authentication, Firestore, and Cloud Functions
- Implemented In-App Purchases, AdMob monetization, and Play Console publishing
- Managed keystore configuration and release builds
- Optimized application performance and handled real-time cloud data

SKILLS

- Team building
- Developments
- Projects handling
- Application builder using flutter dart.

ACTIVITIES

- Independent mobile app developer with live Play Store applications Actively
- experimenting with UI/UX improvements and performance tuning Exploring
- advanced features like in-app purchases and Play Integrity API Continuous
- self-learning in mobile security and backend architecture

PROJECTS [Live On Playstore]

- Poor 2 Power : Business Empire

Google Play Link:

<https://play.google.com/store/apps/details?id=com.eduverse.businessempire>

- Developed a 2D asset-based business simulation game using Flutter & Dart
- Integrated Firebase backend with real-time cloud data management
- Implemented In-App Purchases and AdMob monetization
- Managed Play Console deployment and production releases

- C Tutorial

Google Play Link:

https://play.google.com/store/apps/details?id=com.eduverse.c_tutorial

- Built a beginner-friendly C programming learning app
- Implemented structured modules and cloud synchronization

- Code Projects Hub

Google Play Link:

<https://play.google.com/store/apps/details?id=com.eduverse.ProgrammingProjects>

- Developed an educational Android app with structured programming tutorials
- Integrated Firebase database and user progress tracking

CAREER OBJECTIVE

- To contribute my Flutter development expertise in building scalable and innovative Android applications while continuously enhancing my technical skills in cloud computing, backend integration, and secure mobile architecture.

Reference

- Open to Internship Opportunities
- Open to Part-Time / Freelance Flutter Developer Roles
